The Honorable Mayor James Mueller
County City Bldg.
227 W. Jefferson Blvd.
South Bend, IN 46601

Dear Mr. Mayor,

I am contacting you on behalf of the Northeast Neighborhood Council. Mr. Doug Hunt of the RiverRail project attended our August board meeting and presented his team's vision for developing a streetcar system targeting key areas in the South Bend/Mishawaka region. He discussed various opportunities for economic growth and community connection among our diverse districts. The proposal implies safe, eco-friendly transportation appropriate for people of all ages and abilities.

Based upon Doug's indication that alternatives to the proposed routes would be considered and that there would be components connecting South Bend, east to west, the NENC Board would like to see the City of South Bend support further study of the streetcar project.

We appreciate your consideration of this intriguing proposal.

Sincerely yours,

Bill Stenz
President, Northeast Neighborhood Council

CC: Mr. Doug Hunt, RiverRail Project
Councilman Troy Warner
